Sample,

Welcome to Teladoc®. As a physician, providing patients with the highest quality healthcare has always been a priority for me. Now, as the Chief Medical Officer of Teladoc, my colleagues and I bring that quality healthcare to you anytime, anywhere — at work, in the comfort of your home or while traveling.

As a new Teladoc member, you now have access to our national network of U.S. board-certified physicians, licensed in your state.

With an average of over 20 years of clinical experience, our doctors can diagnose, treat and prescribe medication for your non-emergency conditions. This includes treatments for the flu, sore throat, eye infections, bronchitis, and much more.

Whenever you need our care, we are available within minutes, by phone or video. We look forward to serving you.

Sincerely,

Lewis Levy, MD
Teladoc, **Chief Medical Officer**
Primary care physician
30 years of experience
