Search for an eye doctor

Here are a few tips to get you started:

- **Choose your vision network from the drop down.**
Don't know your network? No problem. Select "I don't know" and we'll find eye doctors on our smallest network, Advantage. Or, log into Member Web for your exact plan and network results.
- **Enter either your 5-digit zip code or select "Use my location."**
We'll take it from there.
- **Use filters to narrow your results.**
Once you see your search results you can filter by brands you love, hours, specific technology and more.

Looking for a specific eye doctor or retailer?

Click the "Search by doctor" tab to zero in.

2) Select your Network Type as **“Access Network”** and enter your zip code:

The screenshot shows a search interface titled "Find an eye doctor" in green text. Below the title are three search options: "Search by location" with a green location pin icon, "Search by doctor" with a purple doctor icon, and "Online & Lasik" with a pink laptop icon. At the bottom, there is a "Network" dropdown menu set to "Access Network", a green button with a location pin icon and the text "USE MY LOCATION", the word "OR" in the center, a "Zip code" input field containing "44106", and a green button with the text "SEARCH BY ZIP".

A list of in-network providers will appear. Call the desired provider to schedule an appointment.
