Understanding Your Dental Benefits

Am I Eligible For Coverage?

To be eligible for coverage, you must qualify as an eligible member and be considered actively at work.

You must be enrolled for dental coverage before it can be offered to your dependents. Eligible dependents include your spouse, qualified domestic partner and children, including those of your qualified domestic partner. Additional eligibility requirements may apply.

How Do I Find A Participating Provider?

Use the Provider Directory on www.principal.com to locate nearby PPO & EPO dentists or see if your dentist participates in one of these networks.

1	Visit our website at: www.principal.com .
2	Under the Quick Links heading on the left-hand side, click Provider Directory.
3	In the left-hand navigation under Providers/Networks, click Search For A Dental Provider.
4	Begin your search by picking the state where you would like to find a provider. For Point of Service (POS) plans, the state selected should be California. After selecting California, specify the Principal POS Plan.
5	Enter the name of the provider you are looking for (if known). If you are looking for a nearby dentist, enter the city and state and/or ZIP code. Be sure to indicate how far you are willing to travel.
6	Select the desired specialty or use the No Specialty Preference default. Click Continue.
7	EPO providers will be listed first. For additional dentists not contracted with the EPO, select Show PPO Providers. The EPO network is a subset of the PPO network, and all EPO providers are also contracted as PPO providers. The EPO network provides the greatest discounts and preferred benefit design coverage.

You may nominate your dentist for inclusion in our network. Please submit the dentist's name, address, phone and specialty by calling 1-800-832-4450, or submit through www.principal.com.
