Postdoctoral Researcher Benefit Program

VOLUNTARY VISION PLAN

Once your enrollment into the VSP Voluntary PPO Plan is confirmed, you will be entered into the VSP network system. **You will not receive an ID card for this plan.** When making an appointment with a provider, they will ask you for your specific identifying information, which will display your plan benefits and allow you to access service with their office.

If you would like an ID card, the print-on-demand card will be available through the member site at <https://www.vsp.com>. The Member Vision Card is designed to reduce vision benefit questions and contains personalized information, including: member name, coverage type (i.e. member only, family), client ID number, doctor network name and co-pays.

Postdoctoral Researcher Benefit Program

DISCOUNT VISION PLAN

Offered through BlueCross BlueShield (BCBS) of Illinois

Both the medical HMO and medical PPO available through the PRBP offer you a vision exam copay so you may obtain a vision exam from your selected physician.

If you have enrolled in the voluntary VSP vision plan offered through the PRBP, you may use this discount plan to obtain a second pair of contacts or glasses at a discount.

To compliment this benefit, BCBS offers you a discount vision plan where you may take your prescription for lenses to one of the Davis Vision providers to save on eyeglasses, contact lenses and accessories.

To learn more about the Discount Vision Plan, please visit our [Plan Documents Library](#) for more detailed information.
