OPEN ENROLLMENT

What is Open Enrollment?

Open Enrollment is an annual period of time where you are able to make changes to your coverage that you are not permitted to make throughout the rest of the year, unless you experience a qualifying event such as marriage, birth of a child, etc. **The Open Enrollment period for this year will be 11/1/2022—11/15/2022. Changes will take effect on 1/1/2023.**

What is new for 2023?

You will see an increase to your medical rates . Please refer to page 8 for the 2023 rates.

Making Changes to Your Enrollment

- To make your plan changes during the Open Enrollment period, visit the Gallagher Benefits web site at <https://clients.garnett-powers.com/pd/uchicago/> and click the **LOGIN** link in the top right corner.
- Login as a **RETURNING USER**. Utilize the **Forgot User ID or Password** link if necessary.
- Once you have logged in, click on **Make OE Changes**.
- Once you are viewing your online Open Enrollment form, you may do the following:
 1. Waive any plans you do not wish to continue for the 2023 plan year.
 2. Change medical plan from HMO to PPO, dental plan from Network Access (Low) to Choice (High) Option, or vice versa.
 3. Enroll yourself and/or your eligible dependents in plans you previously waived.
- Once the enrollment form is complete, please confirm that you have read and understand the COBRA Initial Notification, Health Insurance Marketplace Notice, and Insurance Carrier Privacy Notice, then click *Submit and Create Printable Enrollment Form*. Remember to print a copy for your records.

If you are not changing your current enrollment status, no action is necessary.

WEBSITE RESOURCES

Provider Directories

For your convenience, you may begin accessing a list of providers directly from the GBS web site via the **Find a Provider** section. While it is required that you select a Primary Care Physician (PCP) for the BlueCross BlueShield HMO plan, you do not need to choose a PCP for the BlueCross BlueShield PPO plan. To find an HMO PCP, or a PPO provider when you wish to access service, simply follow the applicable instructions in the **Find a Provider** section of the website. Instructions for locating in-network dental and vision providers are also located in this section, should you need them.

Benefit Summaries

This booklet contains benefit “snapshots” of the plans offered through the program, listing the core benefits that are most commonly utilized. There are however more detailed plan documents, including full benefit summaries, available on the website. When visiting the site, click on the **Plan Documents Library** navigational tile to access benefit summaries for all plans offered through the PRBP.

2023 Monthly Rates & Contributions

This information can be found on the website under the **Insurance Benefits and Rates** section, as well as page 8 of this booklet.

MEDICAL PLAN INFORMATION

Summary of Benefits and Coverage (SBC)

Understanding your health plan is important. The Summary of Benefits and Coverage (SBC) summarizes important information about your medical insurance plan in a straight-forward format to help familiarize you with your benefits. This document is accessible through the **Plan Documents Library** on the website.

HMO vs. PPO Medical Plan

HMO

- This plan offers a broad spectrum of benefit coverage with a higher degree of managed care.
- Under the Health Maintenance Organization (HMO) model, the you must choose a Primary Care Physician (PCP) within the network. You can change your PCP up to once a month.
- The Primary Care Physician (PCP) will be your first point of contact when accessing care, your “healthcare gatekeeper.”
- If you need to see a specialist, a referral from your PCP is required.
- There is no Out-of-Network benefit.
- In the event of a life/limb-threatening emergency, the member should dial *911* and all medical care will be covered as per the plan contract. Once the patient is stabilized, the HMO plan may require that the patient be transferred to an *In-Network* facility.
- HMO premiums as well as the out of pocket expenses (i.e. deductible, co-payments, etc.) tend to be lower than the PPO plan option due to the contractual element of capitation.

PPO

- The PPO plan offers much more flexibility and choice than the HMO plan because there is an ‘In-Network’ and ‘Out-of-Network’ choice at the time you seek service from a provider.
- The PPO plan does not require that you choose a PCP.
- The In-Network benefits (coinsurance, etc.) will be greater than the Out-of-Network benefits.
- At the time of service, the member has the ability to seek care from a Specialist, without having to obtain a referral from a PCP.
- The contractual agreement between the PPO Plan and the Provider is on a "discounted fee for service" basis. This means that the provider who participates in the network has agreed to provide their service on an agreed upon discounted fee. The Provider who is not in the network will not agree to that discounted fee and will typically charge a "Reasonable and Customary" fee. There is no "capitation" in a PPO contract.
- PPO plan premiums tend to be higher than the HMO premiums due to the method of reimbursement and contractual agreements with the providers.

GLOSSARY OF TERMS

Deductible

A specific dollar amount that your health insurance company may require that you pay out-of-pocket each year before your health insurance plan begins to make payments for claims. Not all health insurance plans require a deductible.

Out-of-Pocket Maximums

Out-of-pocket maximums apply to all medical plans. This is the maximum amount you will pay for health care costs in a calendar year. Once you have reached the out-of-pocket maximum, the plan will fully cover eligible medical expenses for the rest of the benefits plan year (except for any copayments). If you see an out-of-network provider, you may be responsible for out-of-pocket costs that are considered above the "reasonable and customary" fees.

Coinsurance

The amount that you are obliged to pay for covered medical services after you've satisfied any co-payment or deductible required by your health insurance plan. Coinsurance is typically expressed as a percentage of the charge or allowable charge for a service rendered by a healthcare provider. For example, if your insurance company covers 80% of the allowable charge for a specific service, you may be required to cover the remaining 20% as coinsurance.

Copayment

A specific charge that your health insurance plan may require that you pay for a specific medical service or supply, also referred to as a "co-pay." For example, your health insurance plan may require a \$15 co-payment for an office visit or brand-name prescription drug, after which the insurance company often pays the remainder of the charges.

In-Network Provider

A healthcare provider who has a contractual relationship with a health insurance company. Among other things, this contractual relationship may establish standards of care, clinical protocols, and allowable charges for specific services. In return for entering into this kind of relationship with an insurance company, a healthcare provider typically gains in numbers of patients and a primary care physician may receive a capitation fee for each patient assigned to his or her care.

Accessing Care Out-of-Network Under a PPO Plan

When you seek services *in-network*, meaning, from providers listed in the PPO network, you are paying less for services since these providers have agreed to provide services per the provider network discounts outlined in their contracts with the insurance carriers. When you pay 50% for major services in-network when seeking services from a PPO dentist, you are paying 50% of a contracted, discounted rate. This is not the case with out-of-network providers.

Out-of-Network Example (High Option): The out-of-network dentist decides to charge \$1,000 for a porcelain crown on a molar. This dentist is not prohibited from charging what he/she feels can be charged for this service. Your percentage of cost out-of-network is 50% after the \$60 deductible, and Usual, Customary and Reasonable (UCR) is considered \$800 for this service: You pay \$430

IN ADDITION, you owe the difference between the UCR amount and what the out-of-network dentist decided to charge you (\$1,000 - \$800), which is an additional \$200. **Total estimated cost out-of-network for the porcelain crown on a molar: \$630**

LIFE | AD&D PLAN

Core Benefits	Life and AD&D*
Basic Life	\$50,000**
Accidental Death & Dismemberment	\$50,000**

*Automatic enrollment, paid for by University

**Additional supplemental life insurance available, contact our office for details

What is Life and AD&D Insurance?

Basic Life insurance helps provide financial protection by promising to pay a benefit in the event of an eligible member's covered death. Basic Accidental Death and Dismemberment (AD&D) insurance may provide an additional amount in the event of a covered death or dismemberment as a result of an accident.

Additional Features

AD&D Seat Belt Benefit: Up to \$10,000 is payable for death as a result of a car accident while wearing a seat belt.

AD&D Airbag Benefit: Provides further protection in the event of a covered automobile accident for which an AD&D Seat Belt Benefit is Payable. The amount of the Air Bag Benefit is the lesser of (1) \$5,000; or (2) the amount of AD&D Insurance Benefit payable for Loss of your life.

AD&D Family Benefits: Includes benefits for career adjustment, childcare, and higher education for eligible surviving family members. Review the Life/AD&D Summary Plan Description in the Plan Documents Library for additional details.

Designating Your Beneficiary(ies)

A beneficiary is the person or people you would like your life insurance benefit to be paid to in the event of your passing. A contingent beneficiary is the person or people who you would like the benefit to be paid to in the event that all of your primary beneficiaries have predeceased the insured. Your beneficiary(ies) can and should be designated on your TABP enrollment form.

Please Note: International postdocs holding a J-1 Visa (and their J2 dependents) DO NOT need to purchase supplemental medical evacuation and repatriation coverage to meet J1 and J2 Visa requirements. The Life/AD&D plan satisfies these requirements, even if the postdoc waives the medical, dental and vision coverage.

DISABILITY PLANS

Core Benefits	Short-Term Disability (STD)*
Benefit Amount	60% of your pre-disability earnings (\$600 per week maximum)
Benefit Waiting Period	Payable after 15 days of continued disability
Maximum Benefit Period	90 days

*Automatic enrollment, paid for by University

Core Benefits	Long-Term Disability (LTD)*

Benefit Waiting Period	Payable after 90 days of continued disability
Maximum Benefit Period	Age 65
Pre-existing Conditions	Ailments diagnosed/treated during the 3 months prior to enrollment will not be covered until the plan has been active for 12 months.

*Automatic enrollment, paid for by University

What is Short and Long-Term Disability Insurance?

These plans, offered to you through The Standard, provide you a way of protecting your income should you become disabled. Though many of us feel that we will never be disabled, almost 3 in 10 workers entering the work force today will become disabled before retiring (Social Security Administration Fact Sheet, January 31, 2007). It is important to have a vehicle to offer protection to your income, to allow you to meet your financial obligations when you are unable to work; Disability insurance does just that.
