Life & AD&D Insurance - The Standard	\$4.00	\$4.00	N/A

Please note: The billing for the postdoctoral scholar group is done in arrears. This means that the premium deductions are taken from your paycheck at the end of the month and are payment for your insurance enrollment in that same month. For example, if a premium deduction is taken from your paycheck at the end of September, your September insurance premium has just been paid.

***If your dependent premium, and/or your medical/dental PPO upgrade premium, is being paid by your department, it is necessary for you to complete the Dependent Contribution Worksheet and have it signed by your Department Business Administrator. Once signed, please e-mail a copy to UniversityServices.GBS.PDinsPlan@ajg.com**
