Basic, Standard and Platinum Plans

#	Question	Answer
30	Does the IMG insurance coverage cover me if I travel outside of the United States?	<p>Both the IMG Standard and IMG Platinum plan has a supplemental benefit where you are covered for a cumulative total of 14 days by the insurance plan if you travel back to your home country. However, in order to receive this benefit, you must have paid premiums for more than 30 days of continuous coverage. Coverage begins on the day you arrive back to your Home Country. <i>If you are traveling back to your home country to receive medical treatment on an injury or illness you received while on travel outside of your Home Country, this supplemental benefit will not be valid or available for you.</i></p> <p><i>The IMG Basic Plan does not offer any coverage outside of the United States.</i></p>
31	Can I switch from the Standard Plan to the Platinum plan or vice versa once I am enrolled?	<p>You can change plans at the start of every plan year, which is September 1st. Plan changes are also allowed when your policy expires. Please notify Garnett-Powers & Associates via email if you wish to change plans. The change will only be effective once your current policy has expired. For example, if you have paid for the quarter, the policy for that quarter will need to expire and your new policy under the new plan will begin after the expiration date. <i>Please keep in mind, by switching plans your pre-existing policy does not carry over. If you have a pre-existing condition, the waiting period starts on the date that your new policy is effective. IMG will not take into consideration the time you were enrolled in the previous plan.</i></p>

34	If I am staying beyond 1 year (i.e. 2 year appointment), can I pay for my entire stay?	<p>Unfortunately, Garnett-Powers & Associates can only bill you for one year at a time.
