Medical Services for Participants

*AkesoCare*<sup>SM</sup>

The ability to access quality health care is of paramount importance when a medical emergency arises abroad. To coordinate care and provide U.S. and internationally based medical management services, IMG formed *AkesoCare*, an on-site specialized division devoted entirely to medical management.

The clinical staff consists of qualified physicians and registered nurses who are experts at assessing the need for services and ensuring those services are delivered in a timely, cost-effective manner. *AkesoCare* has international medical experience, providing services in more than 170 countries worldwide.

*AkesoCare* is accredited by URAC, an independent, nonprofit organization that is internationally recognized for promoting continuous improvement in the quality and efficiency of health care management. Through a rigorous and comprehensive review that ensures ongoing compliance, *AkesoCare* earned its URAC accreditation in Health Utilization Management.

From routine medical care to complex case management, from check-ups to emergency medical evacuations, *AkesoCare* is there for you. They are committed to consumer protection and empowerment, quality operations and regulatory compliance. This translates into better care for you - around the world, around the clock.

Locating and Accessing Providers

Whenever or wherever you travel within the U.S., it’s comforting to know that the extensive Preferred Provider Organization (PPO) Network is there to serve you. The independent PPO includes hundreds of thousands of established, highly qualified physicians and hospitals, including some of the most well-recognized university medical centers and transplant facilities in the U.S.

Additionally, if you are seeking treatment outside the U.S., we provide you access to our International Provider Access<sup>SM</sup> (IPA), a database that includes more than 16,000 highly qualified physicians and facilities that encompass a comprehensive array of specialties to handle any health care emergency.

You can instantly access a list of providers and facilities within the PPO and IPA network online at [www.imglobal.com](http://www.imglobal.com) and through *MyIMG*. The directories allow you to search by physician or facility name, specialty, or location. Our goal is to provide quality medical coverage wherever you may be. The PPO and our IPA enable us to do just that, and our online directories put the information at your fingertips - anytime, anywhere.
Claims Procedures

Precertification

Prior to receiving treatment, you may need to contact IMG to precertify your treatment and/or for verification of benefits. Precertification means calling IMG’s Utilization Management and Review company to receive a determination of medical necessity for the proposed treatment or services. It is important to note that precertification is only a determination of medical necessity, not an assurance of coverage, verification of benefits or a guarantee of payment. Precertification may be undertaken by you, the doctor, a hospital administrator or a relative.

Claim Filing Alternatives

Direct Payment to providers
In many cases IMG works with the hospital or clinic as an accommodation, including those outside the independent PPO, for direct payment of eligible medical expenses on your behalf. To be eligible to have a claim paid in this fashion, you or the provider must complete a Claim Form and submit it with original itemized bills. In this case, you will be responsible for direct payment of your deductible, coinsurance amounts and non-eligible expenses and charges.

Reimbursement
If you have received treatment and need to be reimbursed for out-of-pocket medical expenses, complete the Claim Form and submit your original itemized bills and paid receipts within 90 days. We will reimburse your eligible medical expenses after applying the deductible and coinsurance, subject to the terms of the plan.
